AFA BRONZE MEDAL FOR AFJROTC CADETS

October 22, 2009

AWARDS PROGRAM

The Air Force Association (AFA) takes great pride in recognizing the outstanding achievements of AFJROTC cadets. One AFA Bronze Medal is available for annual presentation to the Outstanding Junior Year Cadet in each AFJROTC unit nationwide. The Medal is accompanied by a ribbon and a certificate

DISTRIBUTION OF THE MEDAL

Senior Aerospace Science Instructors (SASIs) need not take any action to procure the Medal. Lynette Cross, AFA National Manager for Aerospace Awards announces that the Medal will be automatically shipped to all SASIs nationwide. SASIs who do not receive the Medal by the end of January 2010, should email a request to Lynette at the following address: lcross@afa.org

PRESENTATION GUIDELINES

The AFA Medal will be shipped, free of charge, directly to the requesting AFJROTC Unit SASI. Upon receipt of the Medal and elements, the SASI submits a **Written Invitation** to the President of the AFA Chapter located in the geographical area of the AFJROTC Unit and provides time, date and location wherein presentation of the AFA Medal will take place. The AFA Chapter President and/or his designated representative will be in attendance to make the presentation of the Medal to the Outstanding Junior Year Cadet of the Unit.

PUBLICITY

Widest dissemination of recognition events of this nature are highly encouraged. The presenting AFA Chapter Official and/or the Chapter Aerospace Education Vice President (AEVP) should prepare timely Press Releases for inclusion on AFA Chapter Newsletters, Newspapers, Magazines, Periodicals and other media vehicles at local, state, and national AFA and AFJROTC Media Publicity Centers. We must be ready to recognize the outstanding achievements of our AFJROTC Outstanding Junior Cadets of the Year – IF WE DON'T DO IT – WHO WILL?

Your prompt attention to this AFA National Cadet Recognition program is appreciated.
